Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 19 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rainy and windy in the west, drier in the east.

This Evening and Tonight:
Western and northern areas cloudy, with coastal gales and rain, heavy and persistent across hills. Further east turning cloudy and breezy with a little rain or drizzle later. Rain easing across the far north overnight.

Saturday:
Rain in southwest spreading north into Scotland and Northern Ireland, this heavy and persistent again over western hills with strong winds. Drier, brighter and milder in many eastern areas.

Outlook for Sunday to Tuesday:
Rain across parts of England dying out Sunday, blustery showers in the northwest. Rain in the southeast Monday, mostly dry and bright elsewhere. Heavy rain spreading to western areas Tuesday.
